AncestryDNA

If knowing everyone on the family tree isn't enough, Ancestry.com can help loved ones uncover their ethnic mix, close or distant relatives and new details about family history, all with a simple saliva sample. Once the website receives the sample, it will be compared with others in the world's largest consumer genomics database to identify the people who share that DNA and possible related ancestors. \$99. Carex 32-inch Ultra Grabber

Grab the Ultra Grabber when you can't reach — or don't want to touch — an object. Use its rubber suction cups to pick something off the floor, retrieve what you need from a high shelf, change a lightbulb or dispose of an

unsanitary item. The grabber closes tightly around an object with minimal effort. Ultra Grabber rotates 360 degrees and has a wrist support. \$28.65 More information: <http://bit.ly/1Qcz8IJ> Find the best price: <http://bit.ly/1XXTYgi>
